Objective

As a software engineer, I have developed my skills through academic coursework and practical experience. Proficient in critical thinking and problem-solving, I am eager to apply my front-end and back-end expertise to contribute to a dynamic team and improve project outcomes.

Professional Experience

Software Engineer May 2025 – present
Mercor San Francisco, USA

Recently started a remote part-time role as a Software Engineer with Mercor, collaborating directly with the Amazon team on a pilot project.

Web Developer Feb 2025 – present
Outlier Freelance

Evaluated and rewrote AI-generated code to create production-quality frontend web applications, while providing feedback for model enhancement.

Angular Developer Intern May 2024 – Sep 2024
Digis Squared Cairo, Egypt

Contributed to the front-end development of "KATANA", an advanced network performance management platform, using Angular for building responsive and dynamic user interfaces.

Laravel Developer Intern Jul 2024 – Sep 2024
Nafis Technologies Cairo, Egypt

Engaged in hands-on training and development of projects using the Laravel backend framework, gaining comprehensive experience in building robust and scalable web applications.
